## FLS

Saving time, effort, and money is key to serving your needs with our Furniture Lift System. Overnight you can have the modular carpet installed or replaced without disturbing demountable partitions, cubicles, or telecommunications cables. You will be amazed at the savings in time, effort, and money.

*We have qualified our abilities time after time...*

## ALLEN'S CABINET SHOP, INC.

In September, 2004, we were fortunate to acquire a trusted, well-known, and efficient cabinet shop that had flourished since the mid 1950s. It increased our existing mill shop production more than tenfold. *AGC* is now designing, manufacturing, and installing Euro cabinetry, reception counters, wall units, etc., in addition to architectural millwork and custom furniture. Our craftsmanship is seen in many offices, hospitals, and daily on television. The former employees and clients are happy to be with us as we continue the fine tradition of Allen's.

Detail-oriented staff and crews.

## ERT

*Team AGC* capably comes to the rescue when you encounter a crisis situation. Storm damage, flooded offices, and broken security fences are a few emergencies to which our Emergency Response Team has responded. *Team AGC* stays willing and ready 24/7 to attend to your urgent need. Getting in control quickly can greatly decrease inconveniences and save you money.

***Thank you for the opportunity to show you the value AGC can add to your company. Check out our webpage, [www.amgecon.com](http://www.amgecon.com). Call us with questions or for an appointment to discuss your needs.***
